

# Phase One Building Update

*Remember not the events of the past, the things of long ago consider not; See, I am doing something new!*  
*Isaiah 43:18-19*

This past year, as so many things were stripped away, God gave us the opportunity for re-evaluation and the clarity to cherish the most important things in our lives, especially our Catholic faith.

There are many things that our Saint John Paul II parish family needs, but the challenges of this past year have clearly shown that the most important thing is a place to gather as a family of faith to worship our Lord Jesus and celebrate beautifully the Sacraments of his church.

After re-evaluating all of the information and options available to us, Fr. Andrew and parish leadership requested permission from Archbishop Naumann to change phase one of our master plan. We are excited to announce that with the restart of our capital campaign we will now be focusing on the construction of the parish hall as the first phase. Our building committee is already hard at work and we look forward to sharing more information with you in the weeks ahead . . . and to opening wide the doors of our own worship space, so that we may open wide the doors of Christ to all!
